CLIENT  
CENTERED

The project included an expansion of living space to the attic and a renovation of some of the first floor living space. The Attic was finished out to include a family room, two bedrooms and a restroom. An addition to the home included a staircase to serve the second level. The addition of the staircase required a reconfiguration of the existing living room and adjacent kitchen on the first level.

Renovation Sq. Ft.: 920 Additional SF: 1,463 Cost: \$105,940.00

Role: Architecture and Structural
