BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT

Design and construction of a new Aquarium representing all of Oklahoma. The facility was designed to house numerous species of aquatic animals from around the world and the Oklahoma Department of Wildlife Conservation Office. The primary exhibit included the 50,000 gallon shark tank with acrylic tunnel to house Bull and Lemon Sharks. Our team worked closely with the marine biologist and did extensive research to ensure that the facility design provided administrative spaces, public meeting space, appropriately sized exhibit space and adequate back-of-house space for the care and maintenance of the animals 86,000 Sq. Ft. * \$23,000,000 *

Role: Architectural, Interiors, Structural, Civil, Landscape and MEP.

*Work completed while employed by Sparks Architects
