BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT

The project includes the construction of a new single-story pre-engineered building clad in brick with 15,626 SF and a complete renovation of the existing 3,640 SF building to house a training center. The facility featured a 12 door ambulance bay with offices and housing for staff and paramedics. The living space included 18 bedrooms, common space, locker rooms, and a fully functioning kitchen.

19,026 Sq. Ft. Cost: \$5,226,638

Role: Architectural, Interiors, Structural, Mechanical, Electrical, Plumbing & Civil.
