BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT

This historic building located in Lafayette Square in St. Louis, MO. was fully restored to accommodate the new offices for Graphic Design, Inc. The building was in a nationally recognized historic district and was partially financed through the Historic Preservation Tax Credits. Our team worked closely with the National Park Service representative in preserving a significant portion of the building. Our team also completed the three-part application process required to secure the state and federal tax credits.

Sq. Ft. 14,000 Cost: Not available,

Role: Architectural, Interiors, Civil, Structural and MEP.

Work completed while employed with Butler, Rosenbura and Associates in Springfield, Missouri
